

"Crafting *Comfort*,
Empowering Care."

Company Profile

"Spreading Blessings & Healthy Recovery" is Our Mission!

Willson Medical Systems Pvt. Ltd. (WMSPL), established in **2011**, is focusing on the Healthcare Industry for more than 14 years. WMSPL has accumulated rich experience and developed a set of strict and unique quality management system as a result of which the products have won praises from the global market for their exquisite craftsmanship and reliable quality.

In 2016, WMSPL invested and established a new production base in **Eastern India**. With an area of more than **100,000** square feet, the total production capacity reaches 100,000 beds per year. WMSPL has invested in **CNC Laser Cutting Machines, Metal Mold Processing Equipment, Automatic Robot Welding Production Line, Automatic Powder Coating Line** and **Finished Product Assembly Line** and other large-scale equipment and machinery to realize our own full set of Medical Furniture & Equipment and ensure production quality under our own control.

Innovation has always been the tradition and core competitiveness of WMSPL. By continuously investing in new product Research and development and establishing a high-quality research and development team, WMSPL has become a veritable high-tech enterprise. WMSPL has also established a scientific and efficient innovative technology management system, which enables WMSPL to maintain a leading position in the same industry in India and achieve great achievements. **WMSPL has the power to compete with most of the National and International brands.**

WMSPL brand is a well-known trademark in India. Currently, more than 1,000 Indian hospitals use WMSPL brand products, and the number is increasing day and night. WMSPL products are also exported around the world.

WMSPL takes the experience of its customers as the cornerstone of its evergreen business. From the opening of the company to the present, WMSPL has always maintained an advanced customer relationship belief, and has established the largest and most complete after-sales service system. WMSPL can also provide customers with professional, fast and efficient after-sales service solutions, which enables WMSPL to establish in the Healthcare industry.

We are **ISO 9001, ISO 13485, ISO 14001, OHSAS 18001, CE Compliance, CE Notified as per European Standards, BIFMA Certified** Company engaged in the business of manufacturing and marketing full range of Medical Furniture and Hospital Equipment.

There is no best, only better!

WMSPL will always adhere to the corporate philosophy of "sincere and trustworthy, efficient, people-oriented, and always enterprising", and will make unremitting efforts to become the world's Premium Healthcare Brand!

Innovative WMSPL, Global WMSPL!

Quality Control & R&D

Development is a continuous process for us. We are an ISO 9001, ISO 13485, ISO 14001, OHSAS 18001, WHO-GMP, BIFMA and CE Notified Company.

willson Philosophy

We are inspired by the needs of our customers and the doctors and healthcare providers. This passion combined with Willson world-class engineering, transforms the service into best in class product and quality assurance. The energy and enthusiasm each of us bring everyday to Willson is palpable. We are constantly in the pursuit of better patient care and understand life cannot wait. There are three fundamental pillars that serve as the foundation for our company

Vision & Mission

"SPREADING BLESSINGS
HEALTHY RECOVERY"

IS OUR MISSION!

"To be a global leader in healthcare furniture, setting the benchmark for quality, innovation, and comfort, and contributing to improved patient care and hospital efficiency."

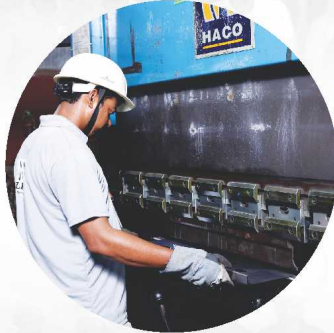

"To design and manufacture high-quality, durable, and ergonomic hospital furniture that enhances the comfort of patients and supports the vital work of healthcare professionals, while continuously innovating to meet the evolving needs of the healthcare industry."

Fair Business Practices

"At Willson Medical System Pvt Ltd, we are committed to conducting business with integrity, transparency, and fairness. We believe in fostering long-term relationships with our clients, suppliers, and employees, built on trust and mutual respect. Our business practices are guided by the principles of:

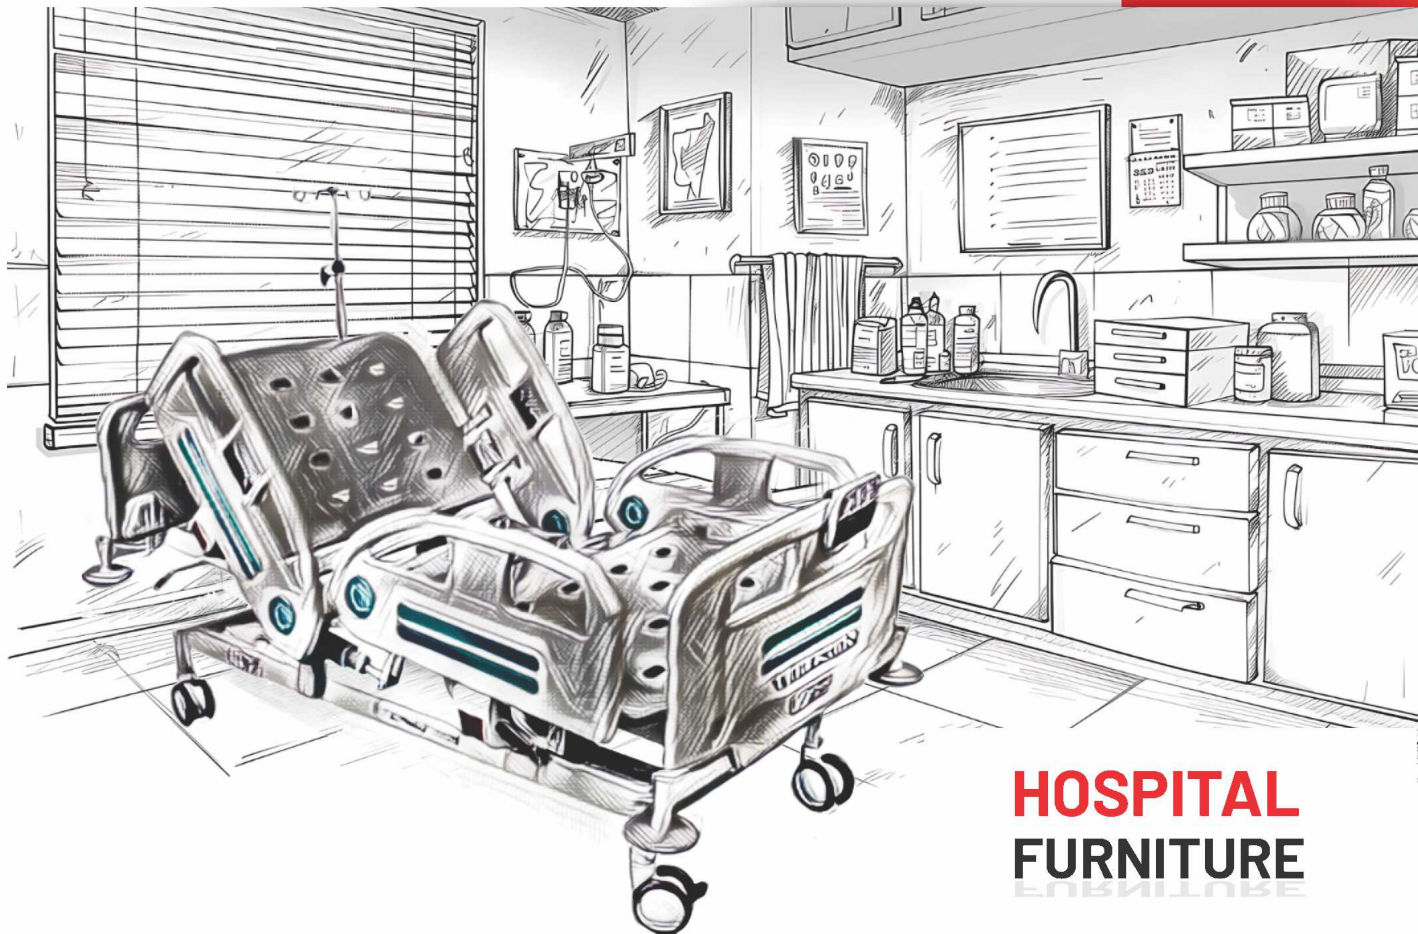

Honesty and Transparency | Compliance
Ethical Sourcing | Non-Discrimination | Accountability

Backrest

- Trolley mounted on 125 mm Castor Wheel with Diagonally Locking Mechanism.
- Provided with IV Pole.
- Provided with Polymer Molded Swing Down Type Safety Side Railings which provides aesthetic Looks.
- Overall Dimensions: 2150 mm LX810 mm W
- All metal Part is Pretreated and Epoxy Powder Coated.
- Provided with Mattress of two section of suitable dimension

WM-6109

STRETCHER TROLLEY STANDARD

- Frame structure is made of CRCA Tubes
- Mild steel tubular framework mounted on four swivel Heavy Duty castors, 150 mm (6") diameter two with brakes & two without brakes
- Removable stretcher top made of CRCA Sheet.
- Pre-treated and powder coated finish
- Overall Dimension (Approx.): 2100 L X 560 W X 810 H (mm)
- Note: Optional mattress

WM-7100

EXAMINATION COUCH STANDARD

- Made of CRCA sheets.
- Back rest adjustable with pneumatic pump.
- Padded with foam top in high quality washable Rexene.
- Provided with three drawers and three utility cabinet.
- Provided with foldable BP apparatus tray on the side.
- Provided with inbuilt foot step.
- Provision of saline stand.
- The complete metal component is pretreated and epoxy powder coated.
- Overall Dimension is 1870 (L) X 560 (W) X 810 (H) mm

WM-7101

EXAMINATION COUCH GYNÆ

- Made of CRCA sheets.
- Back rest adjustable with pneumatic pump.
- Padded with foam top in high quality washable Rexene.
- Provided with three drawers and three utility cabinet.
- Provided with foldable BP apparatus tray on the side.
- Provided with a Perineal Cut and Lithotomy Rods with Padded Knee Crutches.
- The complete metal component is pretreated and epoxy powder coated.
- Overall Dimension is 1870 mm (L) X 560 mm (W) X 810 mm (H)

(Available in Single, Double, Triple, Quadruple Seating Options.)

Neonatal Intensive Care Products

WARMER NEONATAL

Micro Computer Temperature Controller

- PID (proportionate integrated derivative) based micro processor technology
- Dual monitoring of Central and Peripheral temp. with early warning of Cold Stress onset
- User friendly on-board temperature calibration with feather touch keys
- User friendly feather touch control
- Key-pad lock facility
- Safety alarms along with high temp. cutoff
- Watch Dog facility

Heater Box

- Ceramic Infra Red Heater
- Swivelling source box to take X-ray
- Stainless steel parabolic reflector with heater grill
- LED Examination Lamp

Baby Bassinet

- Easy access of an Infant from all sides due to clear acrylic collapsible side panels
- Provision for positioning X-Ray cassette
- Thick cushion mattress

Essential Attechments

- Instrument Tray
- Swiveling 3 Drawers
- Pole for Infusion Pump & IV Stand

WMRW : 200

STAND ALONE UNIT (LED)

A grayscale photograph of an operating room. In the center, a large, circular LED surgical light fixture is suspended from the ceiling. Below it, several surgeons in white scrubs, masks, and hairnets are visible, focused on their work. The background shows the sterile environment of the operating room with various medical equipment and structural elements.

LED

Surgical Lights

Optimized Illumination Depth Offers Perfect Viewing Conditions"
"Lightweight Body Provides Quick and Easy Repositioning"

LED SURGICAL LIGHTS

Model : Glorious 700/700 (Double Dome)

Uniform Spot Control:

- Endoscope lighting mode and light depth over 1000mm.
- Central focus adjustment device to achieve uniform adjustment of 180-280 mm light spot.
- Adjusted with removable sterilizer handle.

New Optical Diamond Lens:

- PMMA lens technology with unique light collecting technology.
- Increased efficiency and Reduced glare.
- Minimized power consumption.

Long-lasting Performance:

- Highly efficient and durable LED's
- OSRAM LED light source with an average
- Easy step-less PWM dimming to satisfy brightness requirements for different surgeries.
- High colour temperature improving the visual resolution of tissue.
- Low colour temperature relieving visual fatigue in long surgeries.

Flexible Arm Design:

- The balance arm of the surgical light with a square arm and the lamp head facilitates
- Vertical pull-down and rotation for easy adjustment.
- Soft Light with Eye Protection
- 2. 4" Keypad Controller

Optional Features :

- Full HD Built-in Camera / External Camera System:
- Wireless remote control.

LED SURGICAL LIGHTS

Model : Dazzle 500/700 (Double Dome)

Excellent light source module design

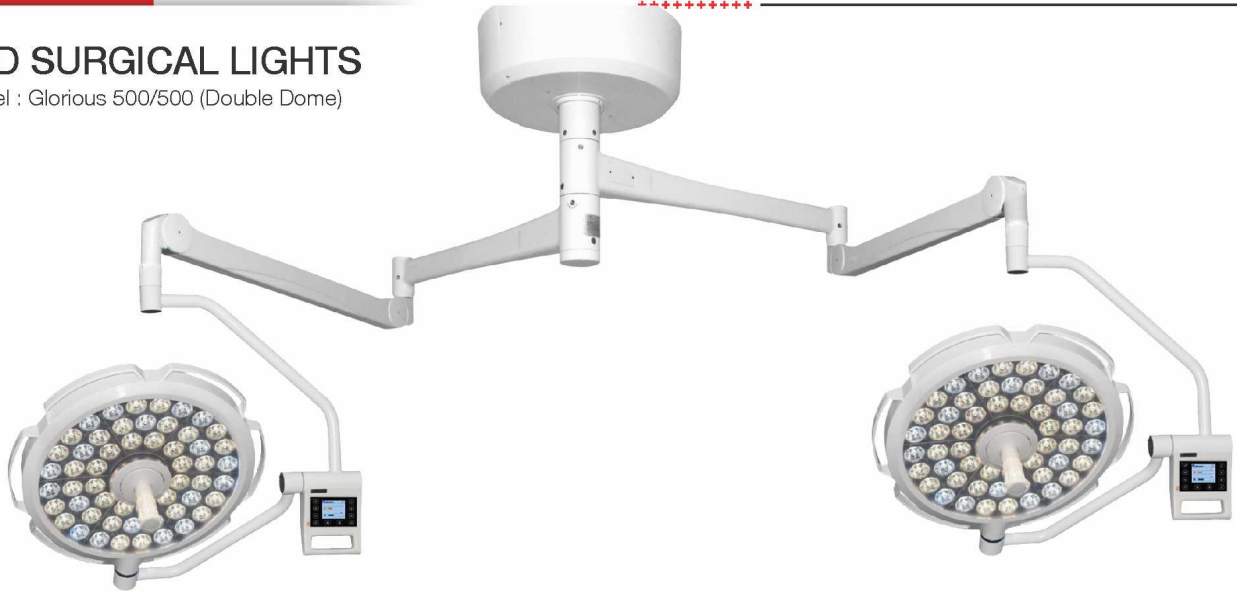

- Each lamp head LED's are divided into multiple light source groups.
- Each light group source operates independently under CPU control. Even if one group's light source malfunctions, the system continues to function seamlessly.
- Innovative light collecting technology with excellent light efficiency.
- Efficient heat dissipation and lightweight
- Uniform Adjustable Light Spot
- Multi-layer spot overlapping technology
- Colour Temperature and Brightness Easy Adjustment
- Easy step-less PWM dimming to satisfy brightness requirements for different surgeries.
- Balanced quantity and distribution design for high and low colour temperature light sources.
- The sterilizer handle adopts a non directional buckle design.
- Sterilizer handle adopts high-temperature resistant material, to achieve high temperature and high-pressure steam sterilization Soft Light with Eye Protection
- 2.4" Keypad Controller

Technical Specifications

Lamp Head	Glorious-700	Glorious-500
Supply Voltage AC110-240V 50/60HZ		
Spot Diameter (mm)	180-280	180-280
Luminance	160000	120000
Color Temperature	4000-5000K (ADJUSTABLE)	
Ra	97	96
Illumination Depth	1069mm	1340MM
LED Lifespan	>50000 HRS	
LED Quantity	84 Nos.	54 NOS.
LED Lamp Brand	OSRAM AND EQUIVALENT.	
Maximum LED Power	RATED 3W ACTUAL <1W

Surgical OT Table

WM-5001

ELECTRO HYDRAULIC OT TABLE

Salient Features

- Eccentric Pillars
- Stainless Fitting
- Detachable, head, leg & Pelvic section
- Five Sectional Radio - Translucent Top.
- Base & Cover made of attractive, easy to clean Stainless Steel
- Sophisticated mechanics provide smooth, step less articulation of the table Top for precise patient positioning.
- Stand by Battery Back-up with recharging circuit (Optional)

Technical Data

Length of Table	1900 mm
width of table top	520 mm
Minimum Height (without Mattress)	Min. 750 mm
Maximum Height (without Mattress)	Max. 1000mm
Trendelenburg	25°
Reverse Trendelenburg	25°
Lateral Tilt	+20°
Back Section	±20°
Head Section	±60°
Leg Section	0°-90°
Top Sliding	5" Reverses & 5" Forward

Our Clientele

Our products and services are highly sought after by leading companies across multiple industries. From automotive giants to chemical innovators, our clientele spans a wide array of sectors that rely on our expertise and high-quality products. We are dedicated to building lasting partnerships by consistently delivering reliable and efficient solutions.
